CHAPPELL'S CLEANING SERVICES GOES TO BALTIMORE

Baltimore City Public Schools Award Chappell's Cleaning Services with Janitorial Contract #19064

Baltimore, Md, July 12, 2019 - Chappell's Cleaning Services of Fort Washington, Md. has been awarded a contract to provide janitorial cleaning services to the Baltimore City Public School system. Chappell's Cleaning Services is a minority woman owned MBE, DBE and SBE certified company who has been serving commercial and government clients since 2015. This contract provides Chappell's Cleaning Services the opportunity to launch its **Baltimore City "Pure" Clean School Initiative** which focuses on reducing germs and improving the health and safety of students, staff and visitors to the school buildings they clean. It is estimated 74% of germs are transfer through hand to hand contact, but 99% of them can be eliminated by hand washing and specialized cleaning techniques. "To combat the spreading of germs, reduce sick days and improve the overall health of the students, staff and visitors we are providing free soap dispensers with anti-bacteria soap to all the Baltimore City Schools that partner with us on this important initiative," said CEO, Tonya Chappell. In addition to the new soap dispensers they will be using a cleaning process that is steeped in evidence based research, industry best practices and specifically designed for school buildings. Chappell's Cleaning Services goes the extra mile by using green, non-toxic products alongside a well-trained and reliable staff.

If you are a principal, school manager or administrator of a public school in Baltimore City and are interested in bringing the benefits of the **"Pure" Clean Initiative** for your school then Chappell's Cleaning Services wants to hear from you. Together we can make our schools cleaner, healthier and improve the students learning experience.

If you would like more information about this program, please contact Tonya Chappell at (240) 318-5380 or email at tlchappell@chappellcleaning.com
